

Aventis Systems® Donates \$4,000+ to the Making Strides Against Breast Cancer Walk

ATLANTA, Georgia- October 6, 2012 – Aventis Systems, Inc. was honored to participate in the American Cancer Society's Making Strides Against Break Cancer Walk in Atlanta, Georgia. The 5K walk, which commenced in Olympic Centennial Park, took participants on a scenic tour of downtown Atlanta. Aventis Systems team members, along with their friends and family, gathered along with over 19,000 participants to celebrate those whose lives have been affected by Breast Cancer.

As the result of generous donations, Aventis Systems employees exceeded the initial company goal of \$2,000 and raised over \$2,400 for the American Cancer Society, a renowned not-for-profit organization headquartered in Atlanta. A portion of the funds raised, came from a company sponsored bake sale. "Hosting a bake sale was not only a great way to raise money for such a worthy cause, but it permitted us to showcase our involvement to others, while simultaneously encouraging even more people to get involved," stated Lindsey Williamson, Marketing Coordinator for Aventis Systems and one of the team leaders. "The people in our office building were not only eager to buy baked goods, but also to take part in supporting this worthy cause."

Aventis Systems President, Hesam Lamei, was so inspired by the employee efforts to raise over \$2,400 that he opted to match the donations, bringing the total donation to approximately \$4,800. Aventis Systems was pleased to have donated more than double the initial goal and well surpassed its own expectations. "When presented with the challenge of raising \$2,000, our employees really stepped up, which is not surprising given the comradery of the Aventis Systems team," stated Lamei. "Participation across all departments was tremendous as everyone came together for this very worthy cause."

About the Making Strides Walk

In 1984, Massachusetts cancer survivor Margery Gould Rath wanted to find a way to celebrate fellow cancer survivors by raising funds for the American Cancer Society. Working with a committee of fellow survivors and other volunteers, "Margie" created the walk that is now called American Cancer Society Making Strides Against Breast Cancer, to bring people together in an event to move the fight against cancer forward. Since then, Margie's vision has inspired 8 million walkers to participate in Making Strides events in more than 270 communities across the country, raising more than \$460 million to fight breast cancer. The donations made fund breast cancer research, information and services, and access to mammograms for women who need them. The Making Strides Walk helps to achieve our goal of creating a world with less cancer and more birthdays! www.makingstrideswalk.org

About Aventis Systems, Inc.

Aventis Systems, Inc., located in Atlanta, Georgia, is one of the fastest growing companies in the computer hardware industry. Aventis Systems specializes in Dell and HP lines of servers and storage equipment, as well as Cisco networking equipment. They also offer a full suite of business class workstations, desktops, laptops, and all hardware components necessary for upgrades.

Aventis Systems' mission is to build long-lasting relationships with customers by offering an extensive plan designed to cover their I.T. needs. Aventis Systems starts by leveraging experienced sales and engineering professionals to evaluate their customers' infrastructure in order to craft the most cost-effective solutions. Due to their expansive inventory, the Company delivers these solutions with the shortest build and ship times in the industry. Additionally, Aventis Systems offers on-site installation services for customers across the continental U.S. so that they can implement their projects as quickly as possible. All Aventis Systems customers are covered by comprehensive warranties which include access to dedicated, domestic technical support. Optional maintenance service plans are provided by certified technicians with on-site response times as short as two hours. Finally, to further simplify the purchasing process, Aventis Systems offers equipment trade-in and financing options.

By providing you with a comprehensive I.T. plan, Aventis Systems effectively helps you focus on your business, instead of the technology that runs it.
